SAMPLE MACHINES

**PANEL
SAW / WOOD**

Specifications:

The angular panel saw range is designed for fitted with automatic loading-unloading systems to enable high production rates.

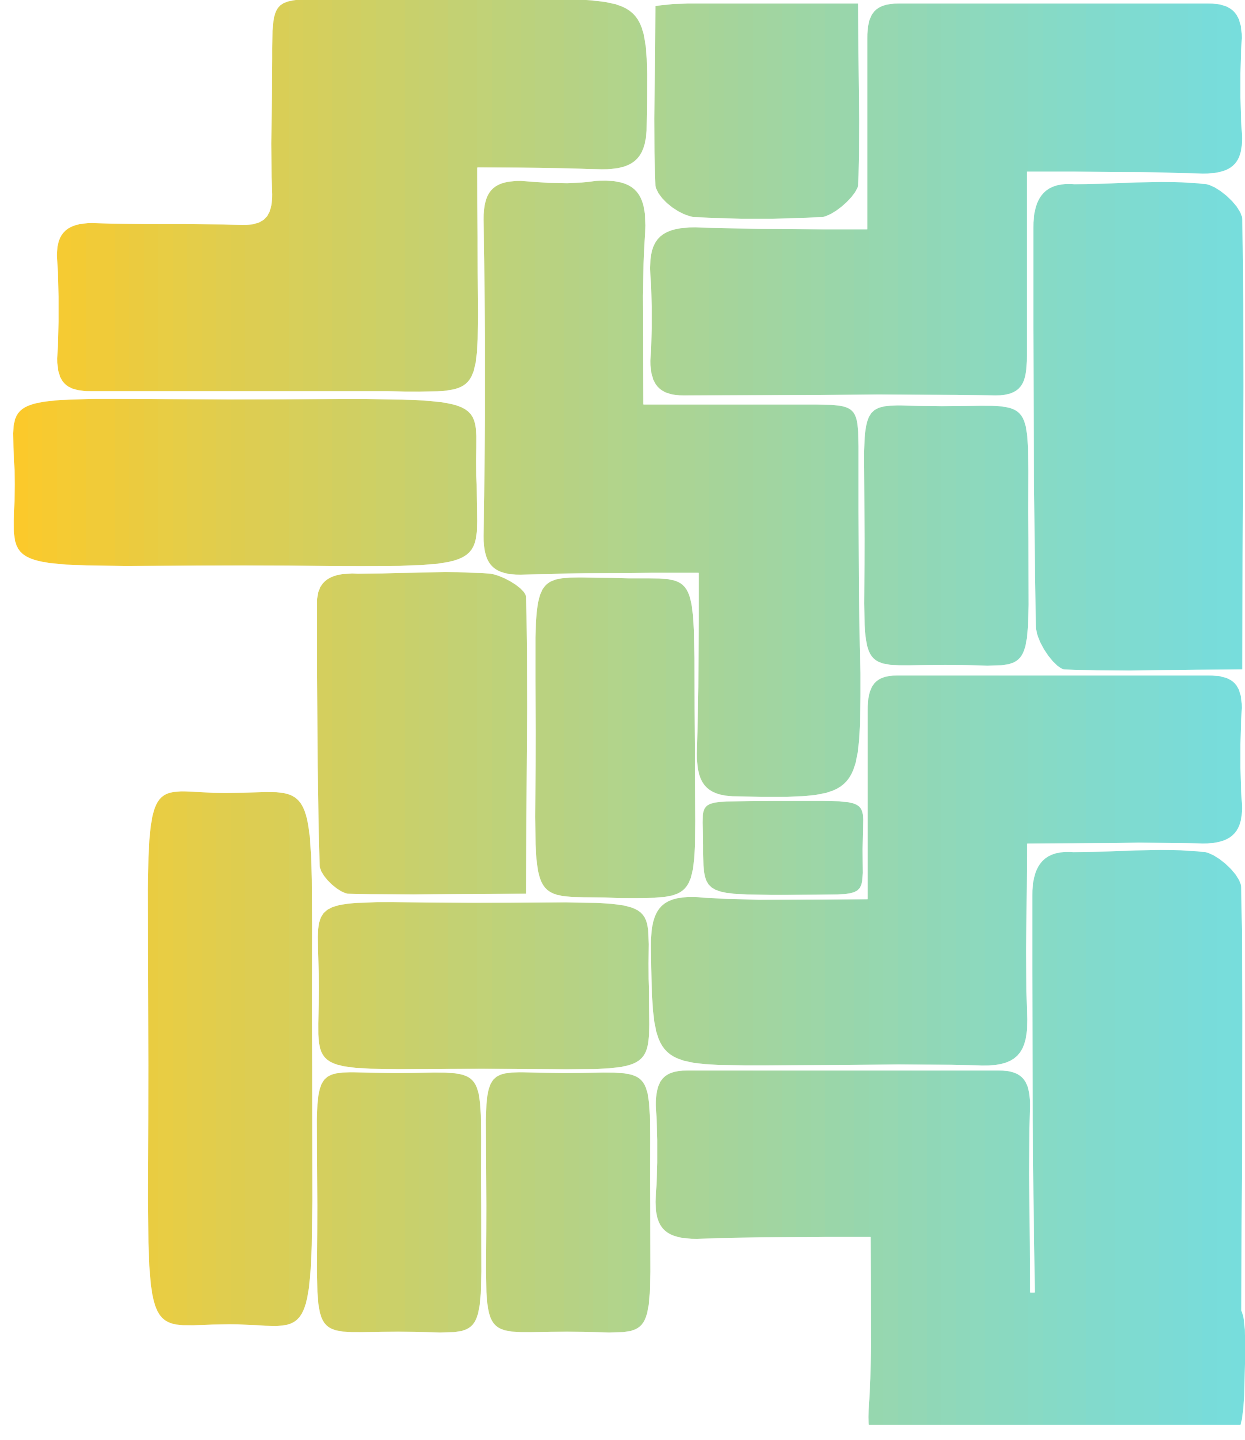

SAMPLE MACHINES

SINGLE-SIDED AUTOMATIC EDGE BANDERS

Specifications:

Simply the perfect edge bander for continuous production of a large number of panels even though they are all different from one to another.

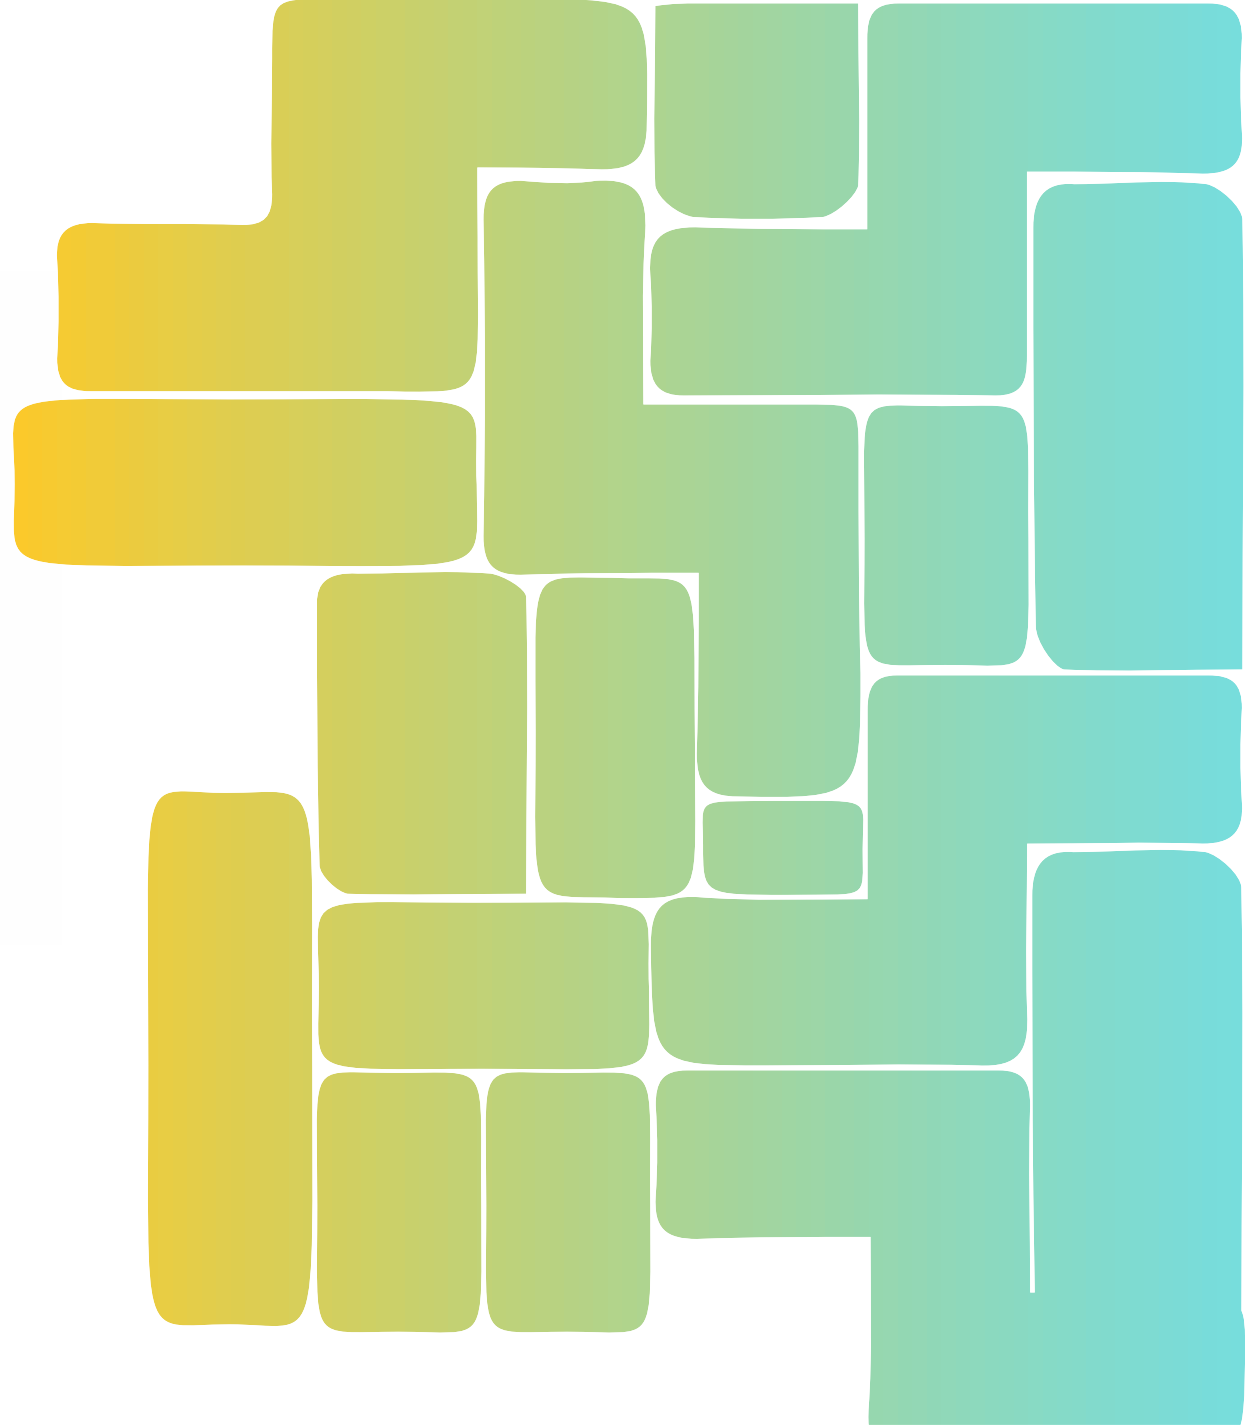

SAMPLE MACHINES

SCM Morbidelli N100

Specifications:

Flexibility and high performance
Machining centre designed and
engineered for machining wood,
plastics and non-ferrous metals.

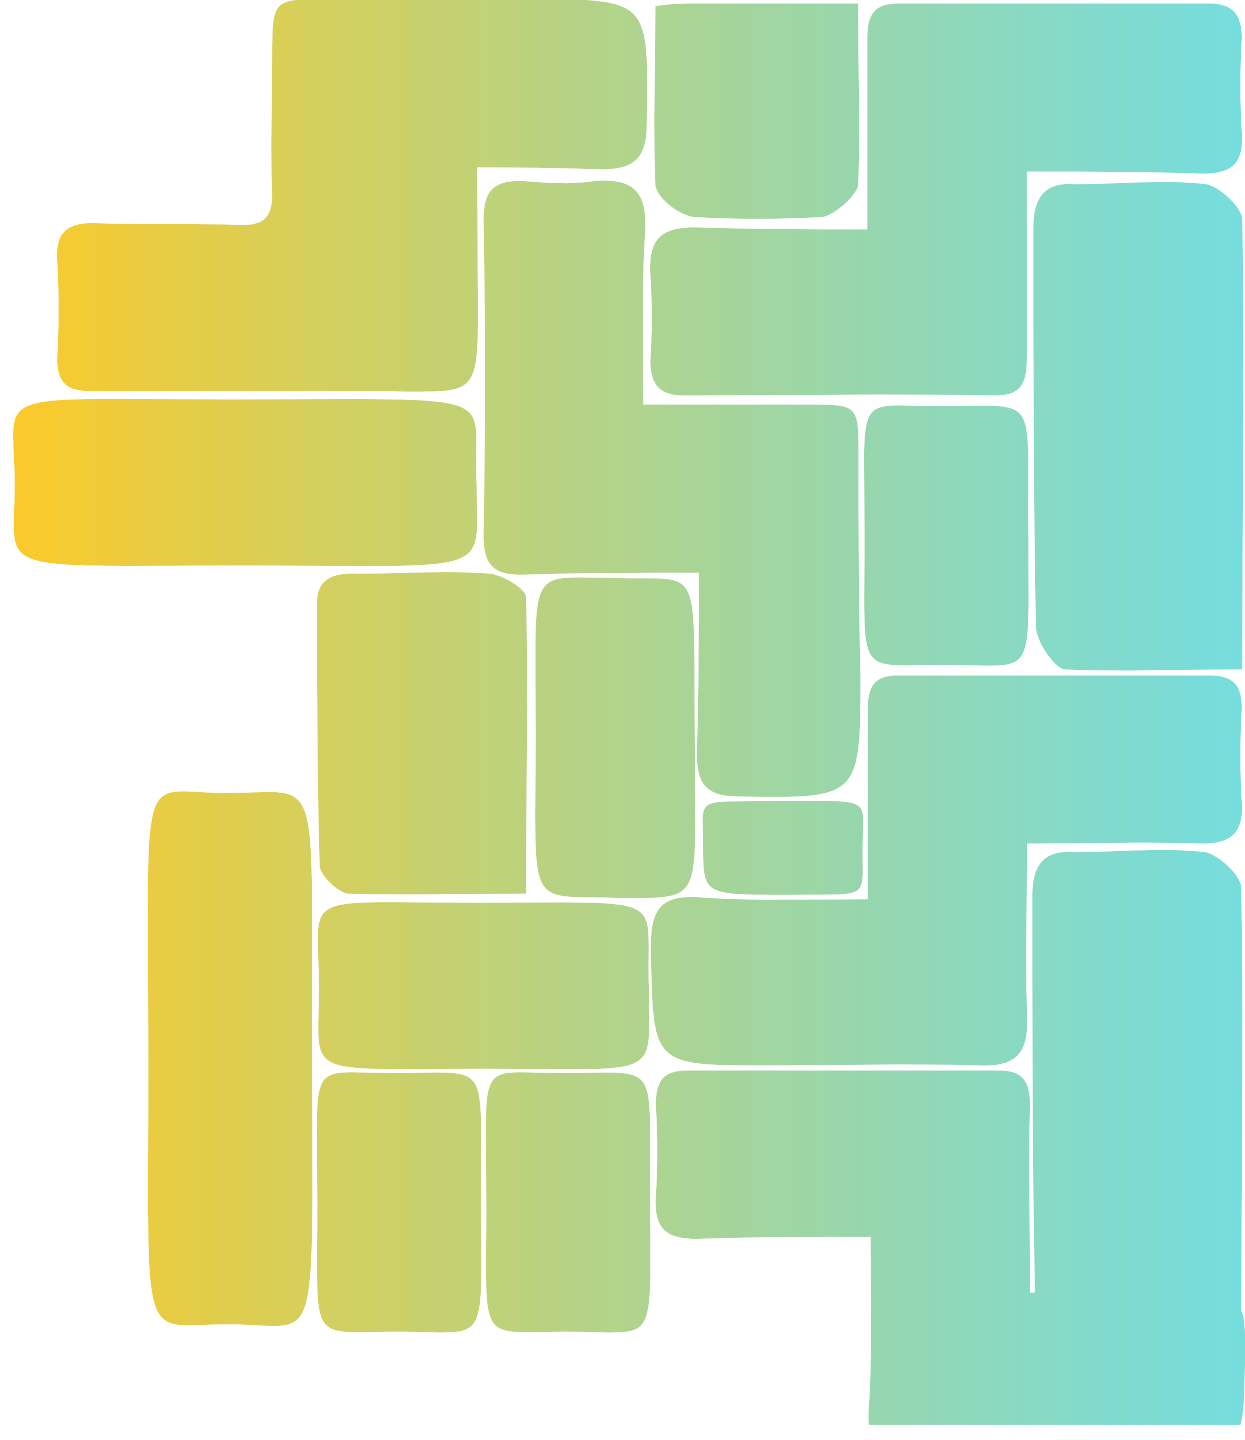

SAMPLE MACHINES

SCM
Superset NT

Specifications:
Ideal solution for companies
working multiple shifts and
small batches.
